Let Us Have The Facts About the Cavalry Horses

Senator James Wadsworth, Chairman of the Committee on Military Affairs of the United States Senate, in a speech, on September 15, at the Annual Livingston County Fair, held in the Genesee Valley, New York, said:

"I am glad to see so many of you here and it is especially pleasing to note the interest you are taking in the County Fair, which is a stimulus to live stock breeding. The way you have taken up horse breeding is particularly gratifying and is an example for other communities to follow. Every man and woman loves a good horse, and the people of this Valley can produce the best kind as a by product of their farms. You've got the soil, the water, the climate and the horses to breed from."

"It is frequently said," resumed the Senator, "that the horse will be supplanted by the tractor and the auto and that the world war proved it."

"If you will examine the equipment of the late war you will find that we had nearly as many horses and mules per one thousand men in service as during the Civil War, when the tractor was not known. It isn't pleasant to discuss the possibility of another war, but you must remember that our defense will always depend upon the resources of the country."

"And of these elements none surpass the horse and mule. While the day may never come, and we hope it may not come, it is wise to be prepared and it is a singular fact that in every conflict in which our country has been involved, we have entered it unprepared."

"That unpreparedness made the

late war cost us some twenty-six billion, five hundred millions of dollars in bonds and certificates issued, besides some ten billions of dollars raised by direct taxation, all of which the tax payers have to pay."

Col. Stanley Koch, on page 7 in Remount Bulletin No. 18, published March 15, 1920, from the office of the Quartermaster General of the War Department in Washington, said:

"The army will always require horses in large numbers. Motor transportation can never entirely replace horses and particularly cavalry or riding horses. No matter to what extent tractor and aircraft may be improved the horse will always be required in war."

"In the late World War due to the scarcity of animals our tables of organization were out time after time to reduce the numbers of horses required for a division, in an endeavor to substitute motor transportation, but we were never able to get below 4,991 animals per division and of this number 2,248 were riding horses. This you must remember refers to an Infantry Division. We had no mounted cavalry in France for the simple reason that we could not provide horses for them. All wars are not going to be fought under the conditions of this one. The day of cavalry is not past. It is as important an arm as ever."

Col. Raymond T. Briggs, in Remount Bulletin No. 23, Page 12, says: "The British Army in France has now about 440,000 animals divided approximately into 115,000 riding horses, 165,000 light draft horses, 70,000 heavy draft horses, 6,000 pack horses and 84,000 mules."

FORMER PARIS GIRL VICTIM OF POISONING

Paris people will remember a dark-eyed, vivacious little girl, who as Judith Hukill, youngest daughter of Mr. and Mrs. William Hukill, former residents of Paris, won her way into their hearts by her fun-loving, disposition and admirable traits of character. Some years ago the family moved to Louisville, where Mr. Hukill died, his wife preceding him to the grave several years. The Louisville Herald yesterday carried the following story regarding the untimely end of the pretty Paris girl, a victim of cocaine poisoning.

"Mrs. Judith Yent, 32, 711 West Chestnut street, is dead and George W. Williams, 25, who lived at the same address, is in a serious condition at the City Hospital as the result of cocaine poisoning, caused by an overdose of the drug which Williams says was administered by the woman at her home at 9 o'clock last night."

"Dr. J. C. McCreary, who was called when Williams became sick from the effects of the drug, said he was administering antidotes to Williams when Mrs. Yent said, 'I am sick, too. I believe I am going to die.' He then transferred his attentions to her, but she died a few moments later."

"Police who were called to the house at 9:30 o'clock found Mrs. Yent dead and Williams in a serious condition. Williams was rushed to the City Hospital, where his life probably was saved by the prompt work of attendants."

"Williams told police he had been living at 711 West Chestnut street for some time and had been going with Mrs. Yent, who has been separated from her husband for several years. He said that the woman frequently had used drugs and that last night she asked him if 'he wanted a shot.' He informed the police that he had had several drinks of whiskey and that he permitted her to 'shoot something into him with a hypodermic needle.'"

"I had been trying to persuade her to let it alone," he said. "I would not have taken it myself if I had not been drinking."

"Coroner O. L. Carter was called on the case and pronounced the death of Mrs. Yent due to cocaine poisoning. He said she had taken a dose of cocaine that veterinarians use for horses. Police are trying to learn where the drug was obtained."

Y. W. C. A. ALIGNED WITH Y IN STATE

Miss Lucy B. Simms, of Paris, and Miss Sallie Ashbrook, of Cynthiana, have been named as members of a State Advisory Committee selected by Miss Lavinia Bonner, Field Secretary of the Young Women's Christian Association to co-operate with the Y. M. C. A. work in the State. The plan includes the organization throughout the State of Mother-and-Daughter banquets, older girl's conferences, girl reserves in the High School, a State-wide contest for girls, play demonstrations and a variety of camp activities. Each of these departments will be modeled on similar activities among boys and young men. Kentucky is the first State to enter into such co-operation, it was stated.

The other members of the committee, who will work with Misses Simms and Ashbrook are Mrs. Malcolm Bullitt, Louisville; Miss Juliet Poynter, Shelbyville; Miss Belle Bennett, Richmond; Miss Anna Thomas, Frankfort; Mrs. Lewis N. Davis, Ashland; Mrs. Lafon Riker, Harrodsburg; Mrs. M. B. Shinkle, Covington; Miss Eugenia Young, Danville; Miss Ellen Cochran, Maysville; Miss Belle Brock, Versailles; Mrs. W. N. McCarthy, Owensboro.

PARIS BIBLE SCHOOL IS LARGEST GIVER.

At the annual convention of the Kentucky Bible School Association, held recently in Louisville, announcement was made from the rostrum that the largest giver to the support of the Association's work was the Paris Bible School, which during the year contributed a total of \$603. Winchester was second with \$605 and Cynthiana third with \$570. Other churches in the county contributed as follows: North Middletown, \$481.41, Little Rock, \$121.19. There were thirty-nine schools classed as "Century Givers," or schools which gave \$100 or more.

BASE BALL NOTES

Deprived by wet grounds of a chance to see a ball game, Paris fans in large numbers visited Cynthiana and Lexington, where they were well rewarded by seeing two remarkable games. At Lexington the Reos and the Irvine teams battled to a tie, 1 to 1, the game being called at the end of the thirteenth inning on account of darkness. The game was a pitcher's duel between "Rasty" Wright, of the Irvines, and Jimmy Parks, of the Reos. At Cynthiana the Cynthiana and Winchester Hustlers fought out a nine-inning game, in which a tie resulted, 3 to 3, the game closing in the ninth inning on account of darkness.

In the final game of the series for the championship of Bourbon county, the Millersburg team defeated the Paris team at the Second street ball park Saturday afternoon, by the score of 9 to 5. The features of the game were the hitting of Huffman and Hughes, and the pitching of Burke, for the Millersburg team. Burke, pitching for Millersburg, struck out fourteen of his opposing batters, and Hughes of the same team drove out four hits, two of which were doubles. Burnett was the star performer of the Paris team, both in hitting and fielding. The batteries were: For Paris, Landes and Carter; for Millersburg, Burke and Miller.

Heavy rain and water-soaked diamond and playing field prevented the game scheduled for Sunday afternoon at the Second street park between the Paris Ruggles and the Georgetown teams.

The weather permitting to-morrow will see the greatest game of base ball ever played on a local field, when the "Skinnyies" and the "Fats" will give local fans all the fun they could reasonably expect. The teams will be picked from the following: Skinnyies—Bernard Santen, captain, Matt Lair, Dave Parrish, Will G. McClintock, E. B. January, Russell Clayton, R. M. Johnson, J. F. Davis, O. T. Hinton, W. H. Whitley, James M. Caldwell, Dan W. Peed, Robert J. Shea, Herman Santen, I. W. Bush, T. S. Smylie and Bernard Santen; Fats—Joe B. Smith, captain, Dr. George Varden, Ed. Hinton, Will Kenney Ferguson, Pearce Paton, Judge Denis Dundon, Dr. A. E. Kiser, Julian Frank, H. M. Collins, Carl Williams, George Rose, Victor O'Neal, Ed. Prichard, Richard Tate, E. M. Thomason, Bert Rash, Will Wornall, Hatfield Bappert and J. W. Mastin.

The proceeds from the contest will be devoted to the Bourbon County Health and Welfare League. The price of admission has been placed at fifty cents, ladies, 25 cents. Everybody should attend this game, and help a worthy cause, besides having a dollars' worth of fun watching the antics of the "performers."

PARIS HI AND CARLISLE HI PLAY TIE GAME

The initial game of the Paris High School football season was played at Jackson Park, in Carlisle, Friday afternoon, with the Carlisle High School, in the presence of a large crowd. The game resulted in a tie, each team scoring 6. The next game scheduled for the P. H. S. team is with the Georgetown team at Georgetown, on Friday, September 30.

MILLERSBURG TO HAVE ONE-DAY FAIR

Millersburg will have a one-day fair the latter part of October, under the auspices of the Millersburg High School Junior Agricultural Club. The exhibits will include domestic science products, live stock, poultry, etc.

Prof. J. W. Lancaster, Superintendent of the Millersburg public schools, Prof. Russell Jones, principal of the Millersburg High School, and M. E. Pruitt, of the Junior Agricultural Club, were in Paris and Lexington, Saturday, in the interest of the forthcoming exhibition.

DEMOCRATS SHOULD NOT FAIL TO REGISTER

Democrats should not fail to register on Tuesday, October 4. Some of our candidates have Republican opposition. Voting places open from six a. m. to nine p. m. Don't fail to register if you want to vote in any election to be held in the next twelve months.

ATTENTION, WAR MOTHERS

COMMERCIAL CLUB TO VOTE ON FALL FESTIVAL

At a general meeting of merchants, automobile dealers and farmers, to be held in the offices of the Paris Commercial Club to-night the committee appointed at a previous meeting to make preliminary arrangements for holding a fall festival in Paris some time next month will submit a report. The committee is composed of J. Withers Davis, chairman, M. Peale Collier, Chas. A. Webber, Carlton Ball and Lee Price. They will submit an estimate of the probable cost of holding the festival.

The program to be presented at the meeting to-night will provide for a farm exhibit, a floral display, an automobile show, merchants' exhibit, a school exhibit, a millinery display, and will be held in one of the large Paris tobacco warehouses. The warehouse will be decorated and a scheme of special lighting arrangements put in.

The farm exhibit will include displays of practically all kinds of agricultural products and garden produce, demonstrating the great variety of crops and the fertility of the soil in Bourbon county. One of the most attractive features of the show will be the floral display, which will be probably the first display the visitors will see as they enter the warehouse. Plans are also being made for the presentation of a historical pageant, in which several hundred persons will take part.

"NEIGHBORHOOD NIGHT" A SUCCESS.

The first of the series of "Neighborhood Nights," held in Paris, Friday night under the auspices of the Community Service organization, was a marked success, as evidenced by the large crowds which attended and took part in the proceedings.

Three trucks and about thirty automobiles loaded with a merry crowd, left the court house at seven o'clock, and made the rounds of the various stopping places. A short program of community singing, addresses, music and other "neighborhood" stunts was carried out at each stop made.

The purpose of these "Neighborhood Nights" is to get the people of Paris well acquainted with each other, to promote a better feeling of fellowship among them and to get them more interested in the work the Community Service organization is endeavoring to put forth in Paris, under the leadership of Miss Nell Robbins, director, and her assistants.

MILLION POUNDS ADDED TO TOBACCO POOL

According to the program of Sam Clay, County Chairman of the co-operative Burley Tobacco Marketing Association, the work of taking the tobacco census of Bourbon county will probably be finished this week, and the co-operation of the farmers toward this end is urgently solicited. Contracts have been signed for nearly eighty-five per cent. of the tobacco of this county, figured from last year's crop, and the committee is anxious to make Bourbon county show up as near one hundred per cent. in the pool as possible.

Probably a million pounds of tobacco were added to the pool of the Burley Tobacco Growers' Co-operative Association as a result of meetings held in Shelby, Mason, Nelson, Meade, Boone and Carter counties Saturday.

Exact figures were not available Saturday night, but the growers at each meeting signed contracts for a considerable acreage and added to the growing conviction that the 1921 crop will be signed up in time to share in the benefits of the pool.

While the exact figures from none of the meetings, save that at Maysville, were available, Secretary Walker E. Hughes said the total pledges for the day probably would be in excess of a million pounds.

NEW MOTOR BUS LINE

In addition to the motor bus line operating between Paris and Lexington, the Reo people have established a bus line from Lexington and Paris to Carlisle, making two trips daily. The car leaves Lexington at 6:30 a. m., arriving at Carlisle at 9:00, making stops at Paris and Millersburg en route.

The fare from Lexington to Carlisle will be \$1.40; from Carlisle to Paris, 80 cents; from Carlisle to Millersburg, 40 cents. The bus line between Lexington and Carlisle should prove a very popular institution, as under the present L. & N. train schedule it is necessary for Carlisle people to remain in Lexington, Paris or Millersburg all day.

TOWN PESTS

The Gloom Spreader is Always Talking about His Troubles. We all have Plenty of our Own without Listening to this Pest, who should Lay Off the Sob Stuff. Folks shun him like a Pestilence, Babies cry at his Approach and l'il Dawgs tuck their Tails between their Legs and Sneak Silently Away.

CONSOLATION FOR THOMAS

The Cynthiana Democrat says in its "Pert and Pertinent" column: "In Bourbon county the other day, mistaking him for a dove Woodford Spears peppered Doug Thomas with bird shot, not injuring him seriously, fortunately. Mr. Thomas has this consolation: It is more complimentary to be shot for a dove than a groundhog, the fate of a Bracken county man recently."

EDITORIAL FLINGS OF THIS. THAT 'EN 'TOTHER

Little cans of this stuff,
Little cans of that,
Make the average dinner
In the modern flat.

In halcyon days when all was well,
The riotous glee we can never forget,
As we listened in on a risqué tale
With our broken arch on the old
brass rail.

October tenth has been named as
Fire Prevention Day throughout the
country. Well, what of it? The boss
can fire you on the eleventh, just the
same!

One form of flattery which never
pleases anyone is the statement of a
creditor: "You have no doubt
overlooked this and we will ask you
to kindly mail us a check."

A Paris schoolboy astonished his
teacher the other day by propounding
this query: "If a grasshopper could
kick a washtub three miles up a
street car track in ten days, how long
would it take a bullfrog with a pet-
rified leg to puncture the tire of an
army truck?" Teacher is still study-
ing the matter.

A Paris man who thinks he has
said something original wants to
know whether the world can be made
moral by blue laws, boards of cen-
sorship, prohibitory legislation, and
all the rest of it. We give it up.
But perhaps it would help some if
first there should be agreement as to
what that word "moral" connotes.

A Paris young woman out motoring
with her steady company playfully
parked a caterpillar on the back of
his neck as they were coming down
Main street, and he was fined for
reckless driving. Fine sense of hu-
mor, that! Suppose she carried ban-
anas to funerals so that she can scatter
the peels in front of the pall-
bearers, eh?

The latest fashion dictum from
Paris, (France, of course) says
that gowns shall be tight up against
the neck and front and backs shall be
bare to the waist. All of which leads
us to believe that the Paris dress-
makers must have seen some of our
American musical shows where that
style has been in effect for at least
three seasons.

We hear a great deal about the
burden of taxation and the popular
idea seems to be that the measure
pending at Washington make no sub-
stantial reductions. But that is a
mistake. The raising of the income
year exemption figures from \$2,000
to \$2,500, and for dependents from
\$200 to \$400 is a very sensible relief.
It may not go as far as it should, but
it makes an excellent start.

Never before in the history of
Paris and Bourbon county has there
been as bright business prospects be-
fore the people as at the present
time. It is time for the level-headed
business men of Paris to reach out
for a bigger and better city and
county. We should not sit around
idle and let all our opportunities
pass. They will cease to knock at
our door some day.

Now this is merely a piece of
neighborhood gossip we heard from
one of the he-gossips, and we give it
for what it is worth: "The other
night one of my neighbors wanted
his wife to stay at home with him,
but she wanted to go to the Paris
Grand. They were discussing the
matter on the front porch. Hubby
asked: 'May I ask if you have made
up your mind to stay in?' Like a shot
out of a rifle and equally as sharp,
came the reply from friend wife:
'No, I have made up my face to go
out.' And she went, as a matter of
course."

The writer, Jo Varden, and some
small boys were watching two scene
painters from Lexington putting the
finishing touches on the Ben Ali vod-
a-vil sign on the Alamo Theatre, at
the corner of Main and Fifth streets,
Friday afternoon. The urchins were,
as usual, full of wonder. One of
them exclaimed: "That woman must
be Theda Barry, ain't she?" The
other little fellow looked at his
questioner scornfully, and replied:
"Say, feller, youse is so ignorant."

Dat gal wid not much clothes on
her and all dem plumes on is Paulie
Frederick. You outer go to de
movies more, en den you'd know
dese people."

GAZED AT BY MILLIONS

(Louisville Herald)

Every day, throughout the United
States, Canada, England and other
countries, the glance of millions of
people fall upon the pictured features
of a Louisville boy. In newspapers,
in magazines, in street cars, in rail-
road stations, on bill boards—every-
where and anywhere the festive pub-
licity folk scent a likely spot for dis-
play, there his picture is printed or
posted. This young man's name is
Wallace H. Dow, who, prior to his
removal to New York, lived on Twen-
ty-eighth street, in Parkland. His
father was widely known in Masonic
circles. Young Dow is one of several
selected as the models used in the
advertising matter of a well-known
brand of smoking tobacco and of a
certain collar with a "rep." The
strange part of it all is that while
Dow is pictured in a thousand atti-
tudes smoking a pipe, he never
smoked in his life.

Lowest Prices Ever Quoted on Titan and International Tractors

The Harvester Company has made another big price
cut on Titan and International Tractors. This re-
duction wipes out all former advances and puts these
tractors at the lowest prices at which they have ever
been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March
1, 1921. The new price includes all necessary equip-
ment—platform, fenders, governor, belt pulley—which
cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan,
considering equipment included (formerly sold extra).
At this price the Titan 3-plow tractor is the best value in
the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You can-
not find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Com-
pany advises us these prices are made regardless of man-
ufacturing costs and that they do not guarantee to
maintain them. These prices certainly justify the im-
mediate purchase of a tractor.
We can arrange suitable terms for you. Come in

**ILLINOIS STOCKMAN HURT;
WELL KNOWN HERE**

The following clipping regarding a former Bourbon county stock man, well-known to the stock raisers and farmers of the county, is taken from the Illinois State Register, published at Springfield, Illinois:

"Henry Williams, of Buffalo, who has been in St. John's Hospital for a month on account of a severe injury to his hand when one of his jacks bit him, is looking in splendid health and expects to be able to come home soon. Great care has been taken with him to ward off blood poison. Although Mr. Williams missed attending the State Fair this year, the following prizes were awarded jacks and mules shown in his name:

"First on four year old jack, first on jack and family of five colts; first on baby mare mule; second on baby horse mule; fourth on three year old jack.

"Mr. Williams' young saddle stallion, 'Leland Twig,' won second premium in this class."

THE CIRCUS COMING

Rhoda Royal Big Three-Ring Shows

"The show is coming" is the delightful shout of the small boy as he gazes upon the big bills that announce the date of the great tent entertainment which is to be in Paris on Thursday, October 6. The enthusiasm of the small boy is shared by his elders, and when the show comes his father and mother and sisters and cousins and aunts—7 or 11 of them—will go just, to take that small boy to the show. They may, however, be excused when it is considered that the Rhoda Royal big railroad show is coming with an aggregation of ring attractions and great zoological collection from the jungles and forests of five continents. There is a large, three-ring show, a monster menagerie, which, by the way, is entirely distinct and separate from the wild beast show, which consists of all kinds of savage brutes, exhibited in startling performances, in a huge steel-barred circular cage, the same as seen in the European capitals, New York and Chicago, and at the Atlantic Exhibition. Then there is a real Roman hippodrome, and a world of wonders which space forbids a detailed account of here. All in all the Royal shows are to be a most surprising and pleasing unification of all that is new and wonderful in the great show world. There will be a grand street parade, and the tents will be pitched at the Murphy show grounds.

THOSE NAUGHTY PARIS, FRANCE, GIRLS.

Most folk in this country thought the girls of Paris (France) were thoroughly impregnated with the naughtiness of the world. They were presumed to be connoisseurs of all the small vices extant. Yet it is but recently that French women have taken to smoking cigarettes. So far as the gentler sex is concerned practically all the smoking in Paris is done by English and American women. In this seclusion of her own rooms a French damsel might touch off a torch, but she was seldom seen puffing smoke in a public place. That was for the visitors from England and America. But the French women have been watching their sisters from across the water for so long that they are getting into the habit themselves and now it is becoming quite the thing for the French maids and matrons to burn a cigarette after a meal—in hotel, restaurant or private home. They may yet learn to hit the pipe; Paris, France, may yet be as naughty as Paris, Ky.—Los Angeles Times.

PRESS ASSOCIATION TO MEET IN LEXINGTON.

At a meeting in Louisville of the Executive Committee of the Kentucky Press Association, it was decided that December 29 and 30 will be the dates for the midwinter session which is to be held in Lexington. W. L. Dawson, president of the association and chairman of the committee, presided at the meeting.

A tentative program of the meeting provides for discussion of varied subjects concerning the newspaper business.

The program includes a discussion of "the country editor's editorial page" by R. J. Breckinridge, of Lexington, the first day. "The business end of a newspaper" considered from the four angles of circular advertising, job printing, and accounting, is to be discussed the second day, while the program calls for discussion also of "needed legislation" and "how to increase attendance at meetings."

FORMER PARIS WOMAN NOW OFFICE MANAGER

Mrs. Julia Fitzgerald Dunn, formerly of Paris, sister of Miss Mayne Fitzgerald, chief operator for the Cumberland Telephone Co., has been made office manager of the Robert C. Byers Company, at Dayton, O., where she has been residing several years. The Dayton, O., Journal, says:

"In announcing the further development of the organization, the Robert C. Byers Company, with headquarters in Columbus, announced Wednesday that Mrs. Julia Dunn, of Dayton, had succeeded A. C. Ulhorn, deceased, as manager of the local branch of the company. Mrs. Dunn is the first woman to hold such a position with the organization, which has been accorded her because of her unusual skill and loyalty in the office as assistant to her former chief during his life time."

REMARKABLE OPERATION ON CHILD'S BRAIN

An operation in which part of a child's brain was removed without an anesthetic was performed at Canton, Knox county. The five-year-old son of Frank Tuttle was kicked on the head by a mule and his skull fractured. Part of the brain protruded and it was necessary for this to be removed. Dr. Leslie Logan arrived on the scene before the child had recovered from the shock of the blow enough to feel pain, operated immediately and without anesthetic. The boy recovered consciousness after three hours and is on the road to recovery.

WHEN DOES TRAIN LEAVE FOR HIGH BRIDGE?

Imbedded in the foundation rock of the Kentucky river high bridge, on the Jessamine side, is a quart of sour mash whisky, placed there when the foundation was erected in 1854, according to a letter received by Colonel James Maret, the "Boone Way Man," from S. D. Ison, of Burgin. John H. Dickson, Burgin, who is more than 80 years old, is probably the only man living who assisted in the erection of the tower, according to Mr. Dickson. The whisky probably hasn't aged, due to the lack of evaporation, Mr. Dickson said.

\$3,000 FOR COMMUNITY SERVICE FOR PARIS COLORED PEOPLE

The Colored Community Service is being organized. F. M. Wood, Chairman, Dr. J. H. Sebrer, Treasurer. During the next two weeks we hope that it will be possible to raise \$3,000 in order to carry on a program of activities among the colored people for one year. This necessitates the employment of a trained worker who will give all of his or her time for the development and carrying out of the program.

We hope through Community Service that the lives of the boys and girls, youth and adults, may be enriched, that each one may live happier lives, thereby proving worthy and more serviceable citizens to the community.

It also means individuals, groups, clubs, organizations, churches and everybody in the community working together in every way to make our homes, schools, churches, neighborhoods and our city the best, most usefulness. Vice, dissipation and criminality, as well as religious, culture and service are all off-duty activities.

It works in the leisure and off-duty hours to fit people for their business and on-duty hours, for it is largely just what one does in his off-time that affects his character, mental and physical development and usefulness. Vice, dissipation, culture and service are all off-duty activities.

Community Service will aid in counteracting the former by co-operation and assistance in, and regulating or providing the latter through a program of music and dramatics, boys' and girls' clubs, young people and adult clubs, co-ordinated church effort in good cheer and comfort program to the disabled, health program, baby talks and baby clinics, playgrounds for children, neighborhood clubs of mothers, parent-teachers, etc., entertainments, annual celebrations of holiday and birthdays of distinguished Americans, better friends and neighbors, mutual helpfulness and understanding citizenship.

If you are a member of the community, you are a member of the Community Service. It is hoped that all the persons of the community will give towards this fund and thus enable the committee to carry out its program. The campaign will continue from September 21 to October 5.

LIGHTNING KILLS STOCK

During an electrical storm, which prevailed in this section early Sunday morning, eight head of cattle belonging to W. S. Haggard, of Paris, were struck by lightning on the W. E. Hibler farm, on the Cynthiana pike, near Paris, and killed instantly. The cattle, averaging nine hundred pounds, and valued at \$400, had taken refuge under a large thorn tree on the farm. A dove roosting in the tree was killed by the shock and fell on one of the dead cattle.

Ten head of sheep belonging to W. S. Cassiday, were struck and killed by a lightning bolt by the same storm Sunday morning. The lightning struck a tree under which the sheep were lying, and leaped to the sleeping animals. The tree was stripped of bark from tip to root by the bolt.

WATCH YOUR KIDNEYS

Inhaling the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have bad backs and sick kidneys. Exposure, frequent colds and chills and the strain of climbing up and down ladders help start the trouble.

If your back aches, if sharp pains strike you in the back when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains or if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's a Paris testimony:

Ed. Richardson, painter and decorator, 552 Vine street, says: "I suffered severely from my back and it put me past going. I am a painter by trade and handling so much turpentine and inhaling its fumes is what I blame for the cause of the trouble. Many a night I was annoyed by the frequent action of my kidneys and would have to get up many times to pass secretions and this greatly disturbed my rest. I had dizzy spells and felt sick all over until I got Doan's Kidney Pills at Oberdorfer's Drug Store. I used several boxes as directed and they fixed me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Richardson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

HE NEVER MISSES A DAY FROM WORK

Louisville Man Was About To Give Up Job, But Finds Relief From Troubles

"I'm on the job every day now feeling fine, thanks to Tanlac," said John J. Glock, 1105 Dumesnil street, Louisville, Ky.

"For a year I didn't know what it was to have a well day and certainly was on the down grade. Nothing I ate agreed with me and I also had rheumatism in my back and knees.

"I had no idea that a medicine could do so much for a man as Tanlac has done for me. It helped my pocketbook as well as my health, too, because I never miss any days from work now as I used to. I never miss a chance to put in a good word for Tanlac."

Tanlac and Tanlac Vegetable Pills are sold by all leading drug stores. (adv)

SEEING IS BELIEVING

Sure, everyone has a few personal friends who can be made to believe he is a merchant, when he isn't even a good storekeeper, but there are thousands of people who would be reminded all the time that he was in the game regularly if he carried an ad in THE NEWS.

Seeing is believing, and more than ever so since old man Volstead took a shot at us. And when a man sees, he has to believe.

Where do you stand on the question? Do you keep your lights so hidden that only the bushel basket shows? You have heard of the man who wouldn't let loose of a dime until he saw the milled edges of two dollars? "You ain't it." Do you want THE NEWS to guarantee the results? Come in and talk it over.

Tyranny of Custom.

Stanley, the African explorer, said: "No luxury of civilization can be equal to the relief from the tyranny of custom. The heart of Africa is infinitely preferable to the heart of the world's largest city. If the way were easier, millions would fly to it."

WINNED MONEY

Money has wings, says the Bible, and few of those who are heedless of the Scriptures will scoff at the statement. Indeed, they will probably make the future admission that money is using its wings. It is no longer the contendedly clucking barnyard fowl of a year ago, but an eagle-pinioned bird suspicious of those who would put salt on its tail.

What has become of the money which was so plentiful a year or so ago, which passed so quickly and which bought so little?

It has gone nowhere. It exists somewhere, but it is not here, and go where you will it is not there, at least not so plentifully as formerly. The banks haven't got it as they once had, nor has the government, and private hoardings are not believed to account for the deficit. There have always been hoarders.

Bankers explain that the quantity of money is really as great as ever, but that curtailment of credit and the slackening of industrial and other operations has checked its circulation. In the days of plenty, money passed from hand to hand quickly, each handler having a quantity of it for a brief time. He got more, and he spent more, than now, and that is all.

The experts deny that money is on the wing and claim that the real trouble is that it is not using its wings, because of the unavoidable conditions of readjustment.

The truth of the matter is that a year ago a great many people were spending money recklessly and even foolishly, and this put lots of money in circulation. To-day these same people are economizing, some from choice, and this has reduced the volume of money in circulation. That is all there is to it.

It will be a good thing for the country, and for the every individual in it, if the foolish flush times never return. It wasn't sound business, and without sound business the country cannot really prosper.

GIRLS! LEMONS

WHITEN SKIN AND

BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate. (T-1)

BURLEY PAPER TO RANK WITH COTTON

The Burley Growers' Co-operative Marketing Association of Kentucky, after a series of conferences with the War Finance Corporation and the Federal Reserve Board, in Washington, feels assured that Federal authorities will extend financial assistance in the marketing of Burley tobacco just as they have been doing with cotton, assurance that they would receive the same consideration as similar organizations of cotton growers was given contingent upon the organization of Burley growers under the proposed co-operative marketing plan. It was believed, after the conclusion of the conference, that the Federal Reserve Board would class the drafts of growers on the marketing association as agricultural paper on which loans of six months may be made.

WOMAN PUBLISHER BUILDS NEW PAPER PLANT

Mrs. Zell Hart Deming, publisher of the Warren (Ohio) Tribune, has moved her paper into a new model plant. Mrs. Deming has seen Warren grow from a town of 5,000 to a city of 30,000, and the Tribune has kept pace with the population. She goes to the World's Press Congress at Honolulu next month as a delegate from three newspaper organizations.

The Tribune's new plant is built of concrete and brick, the front in office style, the rear of factory construction to give a maximum of light and air. Sidewall partitions two-thirds of glass give a clear view the entire first floor and the same plan is largely carried out on the second floor.

The mechanical department includes five linotypes and a 24-page tubular press and other up-to-date equipment. Furniture is steel throughout.

GEORGETOWN MAKES REDUCTION IN GAS RATES

A reduction of 25 cents a thousand and cubic feet of gas will go into effect in Georgetown, October 1. S. L. Allen, manager of the Georgetown Water, Gas, Electric and Power Company, announced recently. If conditions warrant a further cut will be made the first of next year. Mr. Allen said. The cost of operation has been considerably lessened, enabling the company to make the reductions, he stated.

HEALTH OFFICER ISSUES DIPHTHERIA WARNING

The prevalence and dangers of diphtheria in Kentucky are emphasized in a bulletin issued by Dr. A. T. McCormick, State Health Officer. The bulletin was issued at this time, according to Dr. McCormick, because the first epidemic of the year already has commenced its ravages in Menifee county.

"There are certain facts," Dr. McCormick said, "which parents should recall now that diphtheria has appeared for the first time this season in epidemic form in Kentucky. One half of the deaths from the disease, to which children particularly are subject, occur every year within three months after schools reopen.

"These deaths are absolutely needless. If, after the disease has been acquired, enough antitoxin is administered to the child suffering within the first three days of the disease's course, the sufferer's life will be saved every time. The thing for parents to do is to send each child which has a sore throat to a doctor immediately, and, where he has had the disease, not to permit him to return to school until he is shown by a laboratory analysis to be completely cured.

"Last year for the first time since vital statistics in Kentucky have been kept the death rate from diphtheria increased. This did not alarm us especially as the increase in this State conformed to an increase all over the United States, but the State Board of Health is anxious to keep the disease well in hand this year."

Dr. C. H. Voorhies, of Lexington, has been sent by the State Board to Menifee county to fight diphtheria there. Three deaths already have been reported and there are approximately thirty cases of the disease in the county.

Photos of Fairies.

An Englishman claims to have made photographs of fairies which are not visible to the eye, but which the photographer says may be recorded on the photographic plate. There are many persons who have examined the prints and plates, but are not yet convinced.

Safeguarded, too

In our Bank we use every known method for protection of our depositors. We have adopted the Protectu Check System for the benefit of our depositors so that the amount of their checks may be safeguarded against being "raised" should they be lost, stolen, or fall into dishonest hands.

With the Protectu Check System, you can write your check for a given amount and by a cutter attached to the cover, you can then tear off the check at the desired amount [like a money order]. No check raiser can then raise your check for five to five hundred or ten to one hundred dollars.

These new Protectu Checks are supplied to all our depositors with checking accounts without cost.

Shoptaugh, Mr. and Mrs. Richard Wasson, Clarence Wasson, Ike Foreman, T. E. Bowles, Mr. and Mrs. Letton Vimont, Mr. and Mrs. Reynolds Letton and Rev. W. J. Slater.

—One of the most pleasing and distinctly enjoyable occasions of the school season was the formal opening of the Millersburg Military Institute, which was held Friday morning, in the chapel of the institution, under the direction of Col. W. R. Nelson, superintendent. The occasion was made memorable by the presence of large number of alumni of the M. M. I., who came to see and be seen, and to review memories of the good old days at the old place.

Short talks were made by Rev. W. W. Morton, pastor of the Millersburg Presbyterian church, Rev. W. J. Slater, pastor of the Millersburg Christian church, Prof. J. Wilbur Lancaster, principal of the Millersburg High School, Dr. C. C. Fisher, president of the Millersburg College, Col. C. M. Best, Col. W. R. Nelson, and Capt. Gray, of the M. M. I. Their remarks evoked enthusiastic applause and appreciation.

Following the addresses a musical program of special numbers was presented under the direction of Mrs. W. R. Nelson. Cadet H. Ecklar rendered a solo and Cadet Reese gave selections on the ukelele. Lawrence Price, of Paris, a former M. M. I. student, presented the M. M. I. with a large silk American flag, which was spread to the breeze with appropriate ceremonies. The program closed with benediction and a wish expressed by the guests that the M. M. I. might be as prosperous and as full of good for Millersburg as the old institution had been.

DEATHS.

INGELS

—Mr. Frank Ingels, aged seventy-four, a prominent resident of Millersburg, died at his home in that place, at one o'clock Sunday morning, of apoplexy. Mr. Ingels is survived by his widow, Mrs. Lucy Ingels; one son, Reese Ingels; three brothers, Edward, John and Owen Ingels, one sister, Mrs. G. W. Judy, all of Millersburg; one nephew, Jaynes Savage, and a niece, Miss Mary Savage, both of Paris.

The funeral was held yesterday morning at ten o'clock with services conducted at the grave in the Millersburg Cemetery by Rev. W. J. Slater, pastor of the Millersburg Christian church, assisted by Rev. Kelley White.

ACKE

—Pneumonia, following a previous illness of a complication of diseases, caused the death of Mrs. Lois Frances Acke, aged seventy-five, which occurred at the family home near Centerville, Sunday afternoon.

Mrs. Acke is survived by her husband, Frederick Acke, one daughter, Mrs. Minnie White, of Fayette county, and three sons, Richard Derrick, of Bourbon county, Fred Acke, of Scott county, and Robert Acke, of Georgetown.

The funeral will take place at 10:30 o'clock this (Tuesday) morning, at the Centerville Methodist church. The burial will follow on the family lot in the Old Union Cemetery, with a short service at the grave.

HARVEY

—Friends in this city received information Saturday afternoon of the death of Mrs. S. E. Harvey, at her home in Louisville, Arkansas, which occurred Friday afternoon, at two o'clock.

Mrs. Harvey was formerly Miss Nellie Herrick, daughter of the late Mrs. Nannie Herrick, of Paris, and was one of the best-known young women of Paris, where she has a large circle of friends. She was a sister of Julius Herrick, popular L. & N. passenger conductor, who died suddenly in Maysville several years ago.

Mrs. Harvey is survived by her husband and two children. The funeral and burial took place at Louisville, Ark., Sunday afternoon at three o'clock.

COBURN'S MINSTRELS COMING OCTOBER 4TH

Coburn's Minstrels, for the past twenty-five years one of the leading attractions, and too well-known for its progressive and clean methods to require further superlative adjectives to the lovers of good minstrelsy, will make its annual appearance at the Grand Opera House on Tuesday, October 4. Charley Gano, the producer, stage manager and one of minstrels best known funny men, is again in the stellar role among the comedians, and Manager Coburn has surrounded him with an all-new cast of dancers, comedians and entertainers with the latest and best acts obtainable in minstrel vaudeville. The singing with this company has always been a principal effort with its manager, and it is said to surpass all previous attempts, carries some excellent soloists and fine chorus.

A fine band and daily concerts under the direction of Band Master Bert Proctor at noon and before the evening performance for those who

like popular and snappy instrumental music. A fine orchestra this year under the direction of Prof. L. O. Garrison.
